

6 LEVA

RANCILIO

coffeeing the World

CLASSE 6 LEVA

Modern classic

Modern design, robust materials and the presence of a lever mechanism make this a unique product in the Rancilio product line. Availability of a gas-heated version with automatic regulator and safety valve allow optimal use even in the absence of an electrical power supply. In just one word - unstoppable.

1 LEVA The lever group allows the brewing phase to be controlled by manual operation of the lever, following the traditional method. The presence of a mechanical system combined with a boiler heated by gas allows this machine to be used even in the absence of an electrical power supply.

2 GRID SYSTEM To make cleaning and maintenance easier, Rancilio has equipped all its products with a revolutionary work surface. Support grids come in a scratchproof polymer, with an efficient liquid collection system that keeps the work surface clean and protects cups against unsightly marks left by drops of coffee. The grids can be removed for washing in a dishwasher. Rancilio quality also means attention to details.

GAS Machines with a boiler heated by gas allow machines to be used in a variety of different places, especially where there is no power supply, and in particular with lever versions.

Technical Features

electric heating
boiler pressure gauge
automatic water level control
housing in stainless steel

Endowments, accessories

ENDOWMENTS: 1 filter holder for 2 cups per group, 1 filter holder for 1 cup, 2 steam wands, 1 water dispenser, coffee tamper, measuring scoop and washing disks, foot extensions.

ACCESSORISES: DP automatic or manual water softener, MD dosing grinder, interchangeable sides.

Colors

stainless steel and steel panels painted metallic grey

Technical Data

1 GROUP

dimensions (wx dx h) 27.1(22.4) x 19.6 x 19.2 inch	weight 121.2 Lb	boiler 1.3 usgal	Hz 50/60
boiler power 3200 W (120 V) - 3000 W	voltage 120 / 220-240 / 380-415 3N		

2 GROUPS

dimensions (wx dx h) 33.4(28.7) x 19.6 x 19.2 inch	weight 136.6 Lb	boiler 2.9 usgal	Hz 50/60
boiler power 3200 W (120 V) - 4300 W	voltage 120 / 220-240 / 380-415 3N		

3 GROUPS

dimensions (wx dx h) 42.9(38.1) x 19.6 x 19.2 inch	weight 207.2 Lb	boiler 4.2 usgal	Hz 50/60
boiler power 6000 W	voltage 220-240 / 380-415 3N		

4 GROUPS

dimensions (wx dx h) 52.3(47.6) x 19.6 x 19.2 inch	weight 246.9 Lb	boiler 5.8 usgal	Hz 50/60
boiler power 6000 W	voltage 220-240 / 380-415 3N		

On demand

Electric cup warmer

Gas heating

Pod and Capsule Adaptor
